Computer Hardware Troubleshooting

Vittorio Sali

Student at "Università degli Studi di Siena"

Castellina in Chianti, Tuscany, Italy

Summary

Hi, I'm studying a master degree in "Artificial Intelligence and Automation engineering" at "Università degli Studi di Siena".

I graduated in "Computer and information Engineering" (bachelor degree) with 110 cum laude.

In high school I studied "computer science and telecommunications" at technical institute "Tito Sarrocchi" in Siena.

Here there is the link for my github profile where I published some of my projects : <https://github.com/vittoriosali-XX>

I lived in Valencia for the Erasmus project for 1 month. There I worked in a computer shop where I learnt important notions about hardware cleaning, hardware substitution (CPU, GPU, MoBo, thermal paste), computer assmebling and installation of different kind of software (OS, Antivirus, other application packages).

I had experience as "front-end developer" in a traineeship for "Aubay S.p.A." (Siena) during high school. I was the leader of "front-end" group. I have coordinated my classmate deciding which template (bootstrap, w3school) and which technology was better to use (various API's, js library like JQuery).

Experience

Bar Italia

Barman

June 2025 - October 2025 (5 months)

Castellina in Chianti

Bar Italia

Barman

June 2024 - August 2024 (3 months)

Castellina in Chianti, Tuscany, Italy

Toscana Life Sciences Foundation

Software Engineer

April 2024 - August 2024 (5 months)

Siena, Tuscany, Italy

Me and one of my university colleague, Lorenzo Nigi, had to create a software with a neural network implemented in, whose goal was of classify secondary metabolites in 8 membership classes in order to discover their behaviour in some kind of plants (HADs), because they are possibly carcinogenic and genotoxic. The software is written in Python, also all the pre-processing of the data and the presentation with a quite simple GUI. This was our thesis topic for bachelor degree.

Domini Castellare di Castellina

Cellarman

September 2023 - September 2023 (1 month)

Castellina in Chianti, Tuscany, Italy

Sotto Le Volte

Waiter

August 2023 - August 2023 (1 month)

Castellina in Chianti, Tuscany, Italy

ASD FC Castellina in Chianti

Lead Animator for children

June 2023 - July 2023 (2 months)

Castellina in Chianti, Tuscany, Italy

In 2021 I worked as animator for 2 weeks. In 2022 for 3 weeks. In 2023 I was promoted as lead animator and I worked for 4 weeks.

San Donatino

Grape harvester

August 2022 - September 2022 (2 months)

Castellina in Chianti, Tuscany, Italy

APP Informática - Franquicia de Informática

Hardware and Software Technician

August 2021 - September 2021 (2 months)

Valencia, Valencian Community, Spain

I had to clean and repair computer hardware (CPUs, GPUs, Thermal pasta, Motherboards, etc...) and also install operative systems, antiviruses and suite of applications (For instance: Office).

Aubay Italia

Frontend Developer

April 2021 - May 2021 (2 months)

Siena, Tuscany, Italy

Education

Università degli Studi di Siena

Bachelor of Engineering - BE, Computer and Information

Engineering · (September 2021 - October 2024)

Università di Siena

Master's degree, Artificial Intelligence and Automation Engineering · (October 2024)
